## HOW TO CITE RULES AND RSMO

### RULES

The rules are codified in the *Code of State Regulations* in this system—

<b>Title</b>	<b>CSR</b>	<b>Division</b>	<b>Chapter</b>	<b>Rule</b>
3	<i>Code of</i>	10-	4	115
Department	<i>State</i>	Agency	General area	Specific area
	<i>Regulations</i>	division	regulated	regulated

and should be cited in this manner: 3 CSR 10-4.115.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraphs 1., subparagraphs A., parts (I), subparts (a), items I. and subitems a.

The rule is properly cited by using the full citation; for example, 3 CSR 10-4.115, NOT Rule 10-4.115.

Citations of RSMo are to the *Missouri Revised Statutes* as of the date indicated.

### ***Code and Register on the Internet***

The *Code of State Regulations* and *Missouri Register* are available on the Internet.

The *Code* address is [sos.mo.gov/adrules/csr/csr](http://sos.mo.gov/adrules/csr/csr)

The *Register* address is [sos.mo.gov/adrules/moreg/moreg](http://sos.mo.gov/adrules/moreg/moreg)

These websites contain rulemakings and regulations as they appear in the *Code* and *Registers*.

The text of proposed rules and changes will appear under this heading. A notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This explanation is set out in the PURPOSE section of each rule. A citation of the legal authority to make rules is also required, and appears following the text of the rule, after the word "Authority."

Entirely new rules are printed without any special symbology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules that are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

An important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

If an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

An agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close-of-comments date will be used as the beginning day in the ninety- (90-) day count necessary for the filing of the order of rulemaking.

If an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice, file a new notice of proposed rulemaking, and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

**Division Title:** Office of Childhood  
**Chapter Title:** Early Childhood Development

<b>Rule Number and Title:</b>	5 CSR 25-100.120 Individuals with Disabilities Education Act, Part C
<b>Type of Rulemaking:</b>	Proposed Amendment

**II. SUMMARY OF FISCAL IMPACT**

Estimate of the number of entities by class which would likely be affected by the adoption of the rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
<b>548</b>	<b>First Steps Providers</b>	<b>Range of \$0 to \$274,000</b>

**III. WORKSHEET**

The department's amendment proposes twelve (12) hours of professional development annually for non-licensed early intervention providers. There may be a cost to vendors associated with the obligation to fulfill annual professional development requirements, as this is a new requirement for the program. However, the department assumes that many providers may already obtain professional development as part of their professional responsibilities.

To the extent a provider was not previously engaging in professional development, there may be a fiscal cost for this new requirement.

As of July 2022, there were approximately five hundred forty-eight (548) out of two thousand nine hundred sixty-four (2,964) non-licensed early intervention providers for whom this new requirement would apply. The department estimates if all five hundred forty-eight (548) providers are already engaging in professional development, the added cost would be zero dollars (\$0) to small businesses. However, if all five hundred forty-eight (548) providers are not currently engaging in any professional development hours, there may be a cost depending on the type of professional development sought by the provider (e.g., free or paid). If a provider paid on average five hundred dollars (\$500) per year for twelve (12) hours of professional development, the estimated direct cost for five hundred forty-eight (548) providers would be two hundred seventy-four thousand dollars (\$274,000).

Total cost of this requirement to all current non-licensed early intervention providers:  
 $\$500 \times 548 \text{ providers} = \$274,000$

1. The department's amendment proposes four (4) new provider types: Registered Behavior Technician, Behavior Analyst, Behavior Analyst Assistant, and Social Worker (Master's in Social Work).

As of July 2022, there were five hundred nineteen (519) out of two thousand nine hundred sixty-four (2,964) providers who may be impacted by the reclassification of provider types for Registered Behavior Technician, Behavior Analyst, and Behavior Analyst Assistant. Since this change is to add new provider types and re-classify existing providers into a provider type that better acknowledges their training and licensure status, the department does not anticipate any private costs resulting from this amendment.

#### **IV. ASSUMPTIONS**

1. Because the department does not know how many providers conduct less than twelve (12) hours of professional development per year, and the department and other agencies/organizations offer free or low cost professional development opportunities that would meet this requirement, the department estimates that the actual cost of complying with this requirement would be less than five hundred dollars (\$500) per year per provider. The department does acknowledge that there is an indirect cost to the providers for time spent in professional development activities. The department has a tracking platform, which will be available to providers to track professional development hours at no cost. Because of this, the department assumes that very few, if any, providers will have to make any purchases to comply with this rule.

While the actual cost cannot be estimated at this time, the department does acknowledge that there is a current cost for the provider's time spent on professional development activities. These current costs would continue and the department anticipates little to no impact in additional costs.

2. Because this amendment is to re-classify current providers to new provider types and no action is needed by the providers, the department assumes that there is no private cost needed to comply with this rule.

B. Two (2) or more standard deviations below the [norm] mean in only one (1) developmental area.

[2. Children of older ages in this age range for whom the MOCABI may be a more appropriate screening instrument and whose scores on the MOCABI, or through additional individualized assessment or interview, indicate deficits in two (2) or more of the areas of major life activity shall be considered to have substantial functional limitations in those areas; and]

(C) Adults Ages Eighteen (18) and Older. Adults whose comprehensive evaluations, **including results of the MAAS**, indicate deficits in two (2) or more of the areas of major life activity shall be considered to have substantial functional limitations in those areas.

[(4) The procedure for determining eligibility for applicants and individuals shall be a comprehensive evaluation consisting of phases rather than a series of discrete and sequential steps. That is, screening and assessment shall not necessarily be separate and required steps. Thus, a screening itself may find an applicant eligible for services, and further assessment would be completed primarily to assist in development of the service plan or individualized family service plan. Furthermore, only if screening does not result in a determination of eligibility shall further assessment be conducted for the purpose of determining eligibility. On the other hand, if there is convincing evidence that an applicant has a developmental disability, neither screening nor assessment shall be necessary for the purpose of determining eligibility. Rather, the regional office shall conduct an assessment for the purpose of developing the service plan or individualized family service plan. No applicant shall be found ineligible solely as a result of screening except an applicant whose disability clearly was not manifested before age twenty-two (22); a finding of ineligibility shall be made only after completion of the comprehensive evaluation. Each regional office director shall designate a member of the staff to help ensure that the eligibility determination process proceeds in a timely manner. The name of that individual shall be posted in the office and shall be given to all applicants. This staff member shall have access to all necessary information from the interdisciplinary assessment teams.]

A Division of Developmental Disabilities staff member shall be designated to help ensure the eligibility determination process proceeds in a timely manner. The name of that individual shall be given to all applicants. This staff member shall have access to all necessary information relevant to the application for services.

(B) Individuals may apply for services only on application forms provided by the division.

1. By the end of the next [working] business day after any referral, inquiry, or request for services, a regional office shall provide application forms and information about services offered by the division [and the regional offices] unless it is clearly evident that the inquiry, request, or referral has been made to the division inappropriately or is for a person who is **clearly** ineligible for services. In cases of evident ineligibility or inappropriate inquiries, requests, or referrals, regional offices

*[A. The Vineland shall be used during screening of children up to age eighteen (18) to help to determine if substantial functional limitations exist unless administration of the MOCABI is considered more appropriate for children of older ages in the age range of five through seventeen (5–17); or*

*B. The MOCABI shall be used during screening of adults age eighteen (18) and older to help determine if substantial functional limitations exist.*

2. Regional offices shall conduct screenings and assessments in applicants' homes as feasible unless applicants request other sites. If screenings or assessments are not done in applicants' homes, reasons shall be documented in applicants' files. If screenings or assessments are to be done at the regional offices, the regional offices shall work with applicants to secure transportation to the offices.

3. If applicants are not found eligible through screening, regional offices shall conduct further assessments to complete comprehensive evaluations. Applicants not found eligible pursuant to the definition of developmental disability but who claim eligibility due to intellectual disability (also called mental retardation) shall refer to subsection (4)(D) of this rule.]

2. The MAAS shall be used during comprehensive evaluation of individuals age five (5) and older to determine if substantial functional limitations exist.

Provide, to the applicant, within one (1) *[working]* business day of the decision, written notice of right to appeal the decision, a statement of the legal and factual reasons for the denial, a notice of the appeals process contained in 9 CSR 45-2.020, and a brochure which explains the appeals process;

2. Orally provide to the applicant, within one (1) *[working]* business day of the decision, if possible, the reasons for ineligibility and an explanation of the applicant's right to appeal, along with *[the name of the applicant's service coordinator and the telephone number at the regional office]* information about how and to whom to request an appeal; and

3. Make referrals within five (5) *[working]* business days of the decision[,] to other agencies and monitor services received by the applicant for at least thirty (30) calendar days from the date of the ineligibility determination.

[(F)](G) *[Except as otherwise required in subsection (4)(A),]* If the *[interdisciplinary]* assessment team cannot make an eligibility determination within thirty (30) *[working]* business days of receipt of a valid application because the regional office has not received collateral data or other information critical to the determination, *[an interdisciplinary]* the assessment team shall develop a temporary action plan within that thirty- (30-) *[working]* business-day period, and the office may take up to thirty (30) additional business days to determine eligibility.

When participation in the Partnership for Hope waiver is limited by available funds, individuals experiencing a crisis will be served first. If more than one (1) individual is experiencing a crisis, the individual who has been waiting the longest will be served first. If no one is experiencing a crisis, then individuals meeting other priority criteria will be served. If more than one (1) individual meets priority criteria, the individual who has been waiting the longest will be served first.

(B) Individuals who are determined to meet emergency criteria as described in 9 CSR 45-2.017(1)(E) and who require out-of-home residential services or for whom out-of-home residential care is imminent, and whose needs cannot be met

with services and supports other than residential services or whose needs for services is anticipated to be in excess of the cost limitations of other waivers shall receive priority consideration to participate in the Comprehensive waiver.

1. Individuals on the waiting list shall be enrolled in the Comprehensive waiver according to the PON score, as set forth in 9 CSR 45-2.017 as funding becomes available.

2. When two (2) or more individuals have the same PON score, the individual(s) who has been on the waiting list the longest time shall be given priority access to the Comprehensive waiver.

3. Family ability to otherwise meet needs;
4. Any emergency need (9 CSR 452.017); and
5. Access to other resources to meet needs.

(E) Children with autism spectrum disorder who have attained the age of three (3) but who have not yet reached their eighteenth birthday and who would otherwise require care in an ICF/DD may be considered for participation in the Autism waiver, and shall be served from the waiting list as turnover occurs based on PON. When two (2) or more individuals have the same PON score, the individual(s) who has been on the waiting list the longest time shall be given priority. When individuals on the waiting list are offered and refuse the service or services for which they were placed on the waiting list, a new PON assessment shall be completed. (turnover) any programs listed under subsection (1)(I) shall first be used for individuals served in that program who have increased needs. When these needs are met, funds that become available from turnover may be used to enroll new individuals in the program.

[(B) When turnover occurs in an existing living arrangement, the regional office shall determine if an individual in the region, district, or state meeting emergency criteria or with the highest PON score would be appropriately served in the arrangement and chooses this living arrangement (including location), and if the agency providing supports is able to provide the supports to the individual.

1. If the arrangement is not appropriate or acceptable to an individual meeting emergency criteria or with the highest PON score, the regional office shall determine if the living arrangement is acceptable and appropriate for an individual with the next highest PON score on the waiting list. If it is not, the regional office may request approval for another individual on the waiting list to participate in the waiver according to prioritized need, who is agreeable to the living arrangement and is a compatible household member for current residents.]

[(6)](5) No individual shall receive services under more than one (1) home and community-based waiver at the same time, including home and community-based waivers operated by any other Missouri state agency. Any individual who is eligible for services under more than one (1) waiver and has priority access to services based on their score as set forth in 9 CSR 45-2.017, when funding is available under both programs, shall be offered a choice of the waiver that best meets their needs, including home and community-based waivers operated by any other Missouri state agency.

The ISP, budget, and PON (if applicable), are then submitted to UR, and a copy of the ISP, budget, and PON (if applicable), is provided to the individual and/or guardian.**

*[(3)* Each regional director shall appoint a URC. A SB 40 executive director may appoint a URC. URC members shall include the agency director or designee from senior management and service coordination. Membership may include other staff as designated by the regional director or

as designated by the SB 40 executive director and may also include a parent or guardian representative. A minimum of three (3) members shall be present in order for the URC to conduct official business.

(A) The URC shall meet a minimum of once per week or as needed to meet timelines.

(B) The URC shall review the documentation described in section (2) above, under the following circumstances:]

(A) A PON score is necessary when there is a request to begin participation in any waiver.

(B) A new assessment of PON shall be completed when an individual on a waiting list experiences a change in personal circumstances, environment, or family situation impacting level of need.

(C) UR is necessary under the following circumstances:

1. When individuals will be receiving funded services for the first time;

2. When the individual's [service plan] ISP and budget is amended by adding new services or increasing the dollar amount of a specific service;

3. When individuals who are participating in the Partnership for Hope waiver move from a participating county into one that does not participate in the Partnership for Hope waiver; or

[4. The individual is receiving services under a waiver, but the waiver is no longer meeting their needs due to a new need for a service not covered in that waiver or due to a cost limit in that waiver; or]

[5.4. Any other situation at the discretion of the [URC] regional director.

[(C)](D) [The URC shall not review changes to service plans with no increase in the total budget.] UR is not necessary when there is no change to the ISP or budget, but the ISP may be reviewed at the discretion of the regional director.

[(D)](E) In emergency situations as described in paragraphs (1)(E)1-5. of this rule, the regional director has the authority to approve an increase in [a service plan] an ISP to protect the health and safety of an individual and to subsequently report the decision to the [URC] support coordinator who will develop an ISP amendment.

[(4)](3) Following implementation of the initial [service plan] ISP and annually thereafter, two (2) months prior to the proposed [service plan] ISP and budget implementation, the service coordinator shall meet with the individual, the individual's family, and as appropriate the individual's responsible party to prepare [a service plan] an ISP and budget with justification for the individual's support needs.

(A) The [initial service plan] ISP and budget shall be agreed to and the [service plan] ISP shall be signed by the individual and/or responsible party.

[(5)](4) One (1) month prior to the proposed [service plan] ISP and budget implementation, the service coordinator shall submit the signed [service plan] ISP to the [URC] regional director or the regional director's designee for approval. Plans submitted that include services with a start date less than thirty (30) days from the implementation date shall not expedite approval timelines.

(A) If the [service plan] ISP and budget submission to [the] UR[C] shall otherwise be delayed due to the inability of the service coordinator to obtain the signature of the individual or responsible party, then the [service plan] ISP and budget shall be forwarded to [the] UR[C] without the signature and a copy of the [service plan] ISP and budget shall be mailed to the individual or responsible party.

[(6)](5) [The] UR[C] shall [consider] recommend for approval a

service/support for inclusion on a prioritized waiting list if the service/support meets each of the following criteria:

(A) Need for the service/support is documented in the [service plan] ISP as necessary for the individual's health, safety, and/or independence and alternative funding or programs are not available to meet the need;

(B) Need for the service/support is specifically related to the person's disability (i.e., not something that would be needed regardless of the person's disability); and

(C) Individuals evaluated with needs meeting emergency criteria receive highest priority in receiving funding for services.

[(7) The URC shall review the service plan and budget within six (6) working days of receipt.

(A) The URC shall review the form as completed by the service coordinator and shall verify the score or shall request additional information if the score cannot be verified based on what was submitted. A copy of the form and final score approved by the URC shall be provided to the individual and/or his or her guardian.

(B) If no additional information is required, the URC shall send a recommendation to the regional director or designee to approve or disapprove the service plan and budget. If more information is needed to review the service plan or changes are necessary in the budget or service authorization associated with a service plan, that information shall be requested from the service coordinator, who has ten (10) working days to respond to the URC.

(C) The URC shall submit the completed recommendation form, included herein, to the regional director or designee to approve or disapprove the service plan and budget no later than six (6) working days following receipt of all needed information.

(8) The regional director or designee shall approve, amend, or disapprove the URC recommendation within five (5) working days of receipt.

(9) Upon final action by the regional director or designee to approve, amend, or disapprove a service plan and budget, a copy of the final decision letter and the completed service plan and budget shall be provided within ten (10) days of the decision to the individual and/or responsible party, service coordinator, and provider(s) by regular mail, fax, or hand delivery. If the regional director or designee disapproves a service plan and budget, the regional director or designee shall include in the final decision letter the reasons for the disapproval or amendment.]

(6) The Division shall maintain a waitlist for entry into the Division of Developmental Disabilities waiver-funded services. The regional office enters individuals on a prioritized waiting list when services requested in an approved ISP require entry into a waiver. Individuals evaluated with needs meeting emergency criteria receive highest priority in receiving funding for services.

(7) UR shall review the ISP, budget and PON (when required) within six (6) business days of receipt. A PON score based on the emergency criteria will be reviewed by the regional director or their designee for verification.

(A) If sufficient information is submitted, the regional director or the designee may approve the ISP and budget. The regional director or designee has five (5) business days to render a decision.

(B) If more information is needed or changes are necessary in the budget or service authorization associated with an ISP, that information shall be requested from the service coordinator, who has ten (10) business days to

respond. Upon receipt of the requested information or following the conclusion of these ten (10) business days, the regional director or designee will then have five (5) business days to render a decision.

(8) Following the decision by the regional director or designee, a decision letter and the completed ISP and budget shall be provided within ten (10) business days of the decision to the individual and/or responsible party, service coordinator, and provider(s). If the regional director disapproves or modifies an ISP and budget, the regional director shall include in the decision letter the reason(s) for the disapproval or modification and must provide information on rights to appeal.

[(10)](9) The individual or responsible party may appeal the [final] decision, in writing or verbally, to the regional director or assistant regional director within thirty (30) calendar days from the date of the [final] decision letter.

(A) If necessary, appropriate staff shall assist the individual or responsible party in making the appeal.

(B) The regional director or designee may meet with the individual or responsible party and any staff to [obtain] consider any [newly discovered] information relevant to the final decision and to hear any comments or objections related to the [final] decision.

(C) Within ten (10) [working] business days after receiving the appeal, the regional director or designee shall notify the individual or responsible party in writing of [his/her final] the decision.

[(11)](10) When the [final] decision, as set forth in section [(10)] (8) above, results in any individual being denied service(s) based on a determination the individual is not eligible for the service(s) or adversely affects a waiver service for an individual, the individual and/or responsible party may appeal in accordance with the procedures set forth in 9 CSR 452.020(3)(C).

(A) An individual and/or responsible party participating in a Division MO HealthNet/Medicaid waiver program has appeal rights through both the Department of Mental Health and the Department of Social Services. Those individuals may appeal to Department of Social Services before, during, or after exhausting the Department of Mental Health appeal process. Once the appeal process through Department of Social Services begins, appeal rights through the Department of Mental Health cease. Individuals appealing to the Department of Social Services must do so in writing within ninety (90) calendar days of written notice of the adverse action to request an appeal hearing. Requests for appeal to the Department of Social Services should be sent to: MO HealthNet Division, Constituent Services Unit, PO Box 6500, Jefferson City, MO 65102-6500, or call Constituent Services Unit at 1 (800) 392-2161.

[(12)](11) If an individual and/or responsible party timely files an appeal of a [final] decision, services currently being provided under an existing [service plan] ISP will not be suspended, reduced, or terminated pending a hearing decision unless the individual or legal representative requests in writing that services be suspended, reduced, or terminated.

(A) The individual and/or responsible party may be responsible for repayment of any federal or state funds expended for services while the appeal is pending if the hearing decision upholds the director's decision.

[(13)](12) The service coordinator shall provide guidance to the individual, family, and the responsible party about any

alternative resources potentially available to support needs that are not approved through the UR/CJ process.

[(14)](13) New services/supports that result in an increase in the total budget shall not begin before the [service plan] ISP and budget are approved through the UR/CJ process and approved by the regional director or designee, except in an emergency situation approved by the regional director or designee. Services approved due to an emergency situation may not exceed sixty (60) calendar days. An extension of up to an additional sixty (60) calendar days may be requested in writing and may be approved in writing at the discretion of the regional office director.

[(15)](14) Budgets are determined by the total cost of all services and supports paid through the billing system of the department. Services and supports paid for outside of the department billing system are excluded.

(A) When multiple family members are receiving division services, this shall be noted. All of the budgets shall be considered together in the utilization review process in order to have a comprehensive picture of all services/supports going into a single home so the necessary level of services can be determined. This does not require each family member's [service plan] ISP be on the same plan year, but does require all of the current supports in the home be considered.

(B) Applicable Medicaid State Plan services shall be accessed first when the individual is [Medicaid] MO HealthNet-eligible and the services will meet the individual's needs.

[(16)] Once a budget is approved through the utilization review process, any request for additional funds shall be added to the approved budget (the total cost of all services/supports—including department, SB 40 Board funds, and non-waiver match, and Medicaid waiver match dollars) to determine the new utilization review level. The additional request may not be considered in isolation of other services/supports the individual and family are receiving.]

[(17)](15) A review [of a single], modification in units, or denial of a service should not delay the implementation of other services in the plan.

[(18)] A new prioritization of need form shall be completed and a new score assigned upon occurrence of any of the following:

(A) A new service is requested that increases the total budget;

(B) A request for an increase of current service levels;

(C) A change in any of the categories of need for which scores may be assigned; or

(D) Any other change in the individual's personal circumstances, environment, or family situation impacting their level of need.]

[(19)](16) Other [service plan] ISP and budget reviews shall continue to be completed by the service coordinator and/or service coordination supervisor, as directed by the regional director.

In making their determinations, staff (for example, members of the assessment team, service coordinators, *[heads of the facilities]* **regional director or their designee**, appeals referees, and the director of the Missouri Department of Mental Health (DMH)) shall consider[,], but need not be limited to[,], each of the following factors and the appeals referee shall include in his/her written decision findings of fact and conclusions of law on each criterion considered:
